

HomeGuard™ Drainage Wrap

Non-Woven • Non-Perforated • Weather-Resistive Barrier • Superior Drainage

HomeGuard Drainage Wrap is the Smart Choice

HomeGuard Drainage Wrap is engineered with CLAF® mesh fabric which provides drainage channels and creates an air space between the exterior cladding and wall sheathing. Why is this important?

The exterior cladding is the first line of defense against water intrusion; however, moisture will penetrate all exterior claddings creating the need for a secondary layer of protection. The drainage channels in HomeGuard Drainage Wrap help move the water down and out from the wall and the airspace helps promote the drying process between the sheathing and the exterior cladding. **Made in the USA.**

Vertical Grooves Improve Drainage

HomeGuard Drainage Wrap - Available in both High Perm (HP) and Low Perm (LP)

- ➔ **Certified Air Barrier Material - Passes ASTM E-2178-03**
- ➔ **Certified Drainage Material - Passes Drainage Efficiency Test ASTM E-2273**
- ➔ **Meets Drainage Plane Requirements of ORSC 703.1.1, Exception 1**
- ➔ **Water-Resistive Barrier complies with ICC Acceptance Criteria 38 and ORSC R703.2**
- ➔ **Available in low perm (LP Plus) - 11.5 perms and high perm (HP Plus) - 56 perms**
- ➔ **Custom logo with 40" x 30" print area**

Drainage, durability, air resistance AND great value...what more could you ask for in a housewrap?

HomeGuard Drainage Wrap

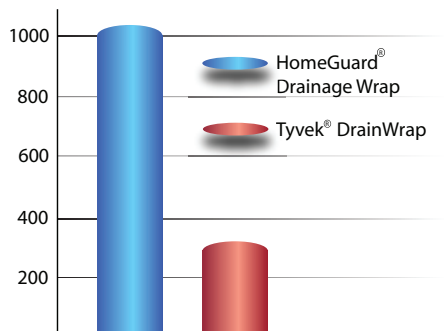

The smart solution behind exterior claddings for commercial and residential construction:

- EIFS and Stucco
- Cement, Hardboard, Vinyl, and Wood Sidings
- Brick and Stone Veneer

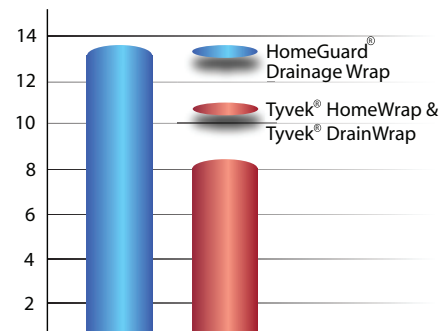

***please remember to install all housewraps in accordance with proper building codes*

HomeGuard Drainage Wrap Beats Tyvek®! Superior Air Holdout and Durability

Air Holdout: Tappi T-4660

Durability: Trap Tear Strength

HomeGuard Drainage Wrap tests as good as or better than the big-name brands, but is priced far less.

Test Method / Description	Standard Specifications ICC-AC308	HomeGuard Drainage Wrap HP	HomeGuard Drainage Wrap LP	**Pactiv RainDrop®	***Tyvar®	****Dow Weathermate™	*Tyvek® HomeWrap	*Tyvek® DrainWrap
